Roof Restoration Important update

The main roof has now been re-slatted and we are awaiting the finial capping's to be installed. Following this, the lower roofs will re slatted and some of the reclaimed slates will be used in this section. The capping stones on each end of the gable walls need to be reinforced. It's also become apparent that the existing heating system needs to be relocated to meet safety standards. These are unforeseen works which will carry an additional cost. Professional advice given to us is to proceed with these works immediately.

To date the Parish has contributed €127,520.00 and we thank you for your generosity. You can make a donation through the Parish website or at the back of the Church after all Sunday masses or by calling into the Parish Office during the week.
